Re: 5th Info
International Congress 2011
15 – 22 Jan 2011 St. Anton am Arlberg

Congress programme

Ladies and gentlemen,
dear friends of snow sports

We are again pleased to inform you that our organizers are doing an excellent job and that preparations are well up to schedule. In conformity with the decisions made at the 2009 General Assembly in St. Anton and at several Board meetings, the Programme Committee, at its meeting in late August, has

- finalized the Congress programme and made a definitive selection of the contributions,
- requested that open issues, such as the details of the closing ceremony, be clarified by the time of the next Board meeting in October 2010.

Information: You will find a complete set of information and documentation on our websites, i.e. on the newly designed Congress website

www.interski-2011.com

and

www.interski.org

Congress dates: The Congress brochure (Powerpoint presentation) has been sent out in German, English and French and is also available on the above websites.

Congress programme: The definitive Congress programme including the

- week's plan
- daily plan
- detailed daily schedule

is attached to this letter and will be available on the websites shortly.

INTERSKI
DO IT FEEL IT BE IT
2011

st. Anton  **ARLBERG**

Additional details on how the contributions were selected:

- the content of the contributions and the completeness of the records submitted to us (deadline!) were important criteria,
- as were the decisions made at the 2009 General Assembly.
- Within the Workshop Lectures, 30 minutes have been set aside for short presentations on the topic of the day. Example: 15 min. workshop, short presentations 7 min + 7 min).
- Workshop lectures and workshops must deal with the same topics.

All key lectures and lectures that were submitted but could not be considered will be included in the

- **Congress report**
- **websites**

For more details, please refer to the attachments to this letter.

Registrations:

15 Oct 2010

- **Show Park:** We would ask you again to let us know which nations with how many participants will take part in the Show Park on Thursday 20 Jan 2011

We are considering installing a "Show Park Clinic" for the entire duration of the Congress. Again, please let us know the number of participants.

- **Programmes and excursions:**

We want to encourage an eye-level exchange on the Congress contents with the groups, with an international exchange of experiences also on the day off.

- **ISS Interski Snow Sport School**

This institution is to be used as before. Participants have been invited by Austria.

- At a raffle held on Sports Day in Vienna (26 Sept 2010), Interski- Austria will draw four couples for the Congress and ISS (1st group)
- Each day, several school classes from the vicinity will be invited to the Congress.
- There are also plans to invite Austrian school classes with immigrant children.
- "How to succeed in 3 days" - for selected participants.

ISS snow sport instructors to contribute as registered by their member countries.

You will receive more information about the opening and closing events as soon as the organizers have finalized the concept.
